

## New Americans Web Site

### Interview of an Immigrant

Each student will interview a new American. You may choose an immigrant who is a school friend, family member, relative, or person from the school or community. After the interview is typed up, students will design a web page. The web page will include a header, the text of the interview, accompanied by photographs or scanned images.

**Step 1:** Students interview Immigrant, taking rough notes on the interview sheet.

**Step 2:** Students write and type the interview including: a third person introduction, a first person body and conclusion.

**Step 3:** Students use computer art tools to design a header with the person's name and title of the interview, along with photographs and scanned images of the person.

**Step 4:** Students assemble the the text and graphic elements of the interview into a finished web page.

#### **Grading:**

Each aspect of the assignment will be worth 25 points for a total of 100 points.
